

Credits / Remerciements

This page shows people who are involved in CakeAcp project

If you have questions or feedback, or want to join the team, please see the [contact page](#).

You [may also donate to the projet](#), which is 100% based on volunteer engagement

Contributors

- Alain Rihs aka AlainR - <https://artisan-du-web.ch>
- Claude Mudry <https://cocagne.ch>
- Fred Radeff aka Zpartakov - <https://radeff.red/free>

Translators

nobody yet! german / italian / english searched, if you feel involved please [contact us](#)

Libraries

FacturAcp is based on code from the following projects:

- Apache >= 2.4 <http://apache.org/>
- MySQL >= 5.5.3 <https://www.mysql.com/downloads/>
- PHP >= 5.4 <http://www.php.net/>
- CakePhp >= 3.x <https://github.com/cakephp/cakephp/tags>
- Bootstrap 3.x <http://getbootstrap.com/>
- jQuery 3.x <http://jquery.com/>
- Dolibarr >= 5.x <https://github.com/Dolibarr/dolibarr>
- Concrete5 >= 8.x <https://www.concrete5.org/>

Thanks

Except for [the active developpers of the CakeAcp projet](#), great thanks to:

- Thibaud Guillaume-Gentil <http://www.ragedevert.ch/>
- Alwin Egger <http://openolitor.github.io/OpenOlitor/>
- Maurizio Notarangelo <http://itopie.ch>
- Philippe Vollenweider

Without them... the CakeAcp projet would never have been possible!

Donation
